A Supplementary Spring List of Annuals and Perennials

OFFERED BY

Three Point Gardens

Nurserymen to a Discriminating Clientele

East Stroudsburg, Pennsylvania.

English Hollyhock Delphiniums in Color Groups

A welcome innovation is the following offer of the Hollyhock Delphiniums released in four separate color groups. These plants are grown from the identical strains which comprise our well-known Named Delphiniums, but are unchecked for accurate name classification. A limited number of these are available from 3½-4 inch pots, from last autumn sowing. The plants will become established quickly and bloom early in July and August, with a second bloom in September or October. For exhibition material our Delphinium and Lupin are unsurpassable. Offered in the following color groups:

LIGHT SHADES
MAUVE SHADES
INTERMEDIATE SHADES
DARK SHADES

Price: \$1.00 each, \$16.00 per dz.,
\$75.00 per 100.

Choice English Hybrid Lupin in Color Groups

A companion to our Delphinium offer is this list of New English Hybrid Lupin in five distinct color groups, selected from the named varieties which have created so much comment in England. These are from the identical stock from which we will sell named varieties in the fall, but are unchecked for actual name classification. Plants from 3½-4 inch pots, extra heavy, which will bloom freely during July and August.

GROUP "A"—Bronze, apricot, yellow, orange.
GROUP "B"—Rose, pink, flesh, buff.
GROUP "C"—Purple and mahogany.
GROUP "D"—Blue and lavender.
GROUP "E"—Cream, white.
Elliott's Sweet-Scented Lupin.
Dorner's Superb hybrids
Regal Hybrids

Price: 50c each, \$5.00 per dz.,
\$35.00 per 100.

Annuals From The Finest Exhibition Strains

BEDDING annuals are indispensable in the garden, relieving the proud perennials after their noble flowering, and bringing to the garden a richness of color that is obtained through no other medium. This season we have selected a complete list from the finest of English prize winning strains, and we feel that these garden treasures will be welcome to discriminating garden lovers.

Price of Annuals, Heavy Seedlings from Flats—\$1.00 per doz. \$8.00 per 100.
Extra Heavy Seedlings from 2½-3 in. pots \$1.50 per doz. \$12.00 per 100

ANTIRRHINUM (SNAPDRAGON) INTERMEDIATE TYPES

Bonfire—A lovely orange and flame color. 18 inches.

Nelrose—A rich coral pink, and a true beauty.

Black Prince—A dark crimson flower, very dark foliage. Much sought after, therefore a novelty, offered for the first time.

Picture—Golden Yellow, suffused with apricot. A distinct creation.

White Queen—A pure white gem. Offered for the first time. Award of Merit RHS.

Choicest Mixture—For large mass plantings our strain will produce rich effects. Selected from the finest novelties only.

TALL FLOWERING VARIETIES

Majus Grandiflorum Choicest Mixed—Giant flower spikes and vigorous habit.

DWARF TYPE

Tom Thumb—For bedding and pots these are exquisite, in full range of colors.

ASTERS—*Ostrich-feather Giants*. A type producing flowers 5-6 inches in diameter. The range of colors includes dark purple, light purple, light blue, peach blossom, rich rose and white.

BELLIS perennis—The English daisy. Splendid for cutting. We include only the most desirable colors.

CALENDULA Orange King Improved—A novelty. Larger flowers than the usual types. A deep rich orange.

CALLIOPSIS Tom Thumb Crimson King—Forms a sedate little bush 6-7 inches high, with a host of rich dark crimson flowers.

CENTAUREA cyanus—Cornflower. The well-beloved bachelor's button in a pure color tone—rich gentian blue.

cyanus, Rose—For a variance in color this is a fine companion of the above.

COBEA scandens—Cathedral Bells. An excellent annual climber which runs 30 feet during the season, producing large purple bellshaped flowers in great profusion.

COSMOS New Giant Hybrids—An unusually large-flowered strain in beautiful mixture. Again, a flower supreme for cutting.

LOBELIA Crystal Palace Compacta—Unexcelled for edging the border and for bedding. Blooms uninterrupted until after frost. This English seed has been saved from the choicest cutting only.

hybrida Sapphire—A type valuable for hanging baskets, balconies, flower stands, etc. Should be used more freely.

MARIGOLD African—Large deep lemon-orange flowers. Fiercely gorgeous 2½ ft. high.

French Dwarf—The flowers are very large, but the plants themselves are quite dwarf in habit. Beautifully striped and well formed.

THREE POINT GARDENS

- MIMULUS** *Queen's Prize*—A half-hardy perennial, like a gorgeous gloxinia throat. This should be used more extensively, for it always creates a sensation.
- NEMESIA** *strumosa Suttonii*—A free blooming bushy little dwarf in an unlimited color range. Gay companion to Schizanthus.
- PANSIES**—*Triumph of the Giants*—Undoubtedly the finest mixture of giant ruffled pansies that has been developed.
- Mammoth-Five-Blotched*—Masterpiece Exhibition Type.
- Masterpiece*—Prize exhibition strain. A glorious mixture.
- Cassiers Five-Blotched*—Golden Yellow.
- Odiers Five-Spotted*—White.
- Prince Bismarck*—A rich golden bronze.
- Prince Henry*—A deep vibrant blue.
- Vulcan*—Claret red.
- PETUNIA**—*New Giants*—Exceptionally large, colorful flowers, deeply veined and well marked. A stunning exhibition strain.
- Elks Pride*—The best of the balcony type. Large blackish purple flowers, 3 inches across.
- Rosy Morn*—The well-loved free blooming petunia. Bright rosy pink, white throat, and compact.
- SALPIGLOSIS** *superbissima Emperor*—Painted dragon's tongue. Undoubtedly the finest orchid-flowered type, in a host of paisley colorings. Blooms continually until frost.
- SCABIOSA**—The improved Pin Cushion Flower, in a full range of colors. Very showy and a prolific bloomer.
- VERBENNA** *Royal Bouquet*—A superb bedding plant of upright growth, very large flowers in beautiful mixture.
- ZINNIA**—*New Double Dahlia-flowered*. These new outstanding zinnias produce flowers averaging 6 inches across by $\frac{3}{4}$ inches in depth. Use freely for exhibiting at the Garden Club Show.

A Few Plants Omitted From Our Regular List

	<i>each dozen</i>
ANEMONE <i>japonica</i> — <i>Whirlwind</i> —Semi-double, white35 3.00
CAMPANULA <i>Laurii</i> —Will prove a valuable addition to the rock garden. The habit of the plant is similar to rotundifolia but more spreading in growth, and the bloom is produced much more freely. Flowers are upright instead of drooping, and the plant is smothered with lovely bells of a beautiful shade of lavender35 3.50
HOLLYHOCK — <i>Chaters Double Newport Pink</i> —Exquisite pink pompons35 2.50
" " " <i>Rose, Sulphur Yellow, Exquisite.</i>	
*SEDUM <i>Nevii</i> —Lovely tufted rosettes of glaucous foliage. Diminutive and a treasure50 4.00
*obtusatum —Fleshy leaves with bronze coloring and yellow flowers35 2.50
*VERONICA <i>longifolia subsessilis</i> —Blue. This is one of the most beautiful herbaceous plants, and we cannot too highly recommend it. Continues to bloom until late fall. 2 ft.35 3.00
*rupestris <i>Heavenly Blue</i> —Dwarf and spreading. Flowers very early. Exquisite shade of blue50 5.00
VERBASCUM <i>Willmott hybrids</i> —Spikes of large white flowers.....	.50 3.50
<i>Phoenicum</i> —The most colorful of French mulleins in various shades of white, pink, salmon and violet. These are from a carefully selected English strain. 3 ft.50 3.50
SWEET WILLIAM — <i>Newport Pink</i> . One of the best shades available and splendid for cutting.35 2.50

THREE POINT GARDENS

Collections of Friendly Rock Garden Plants

The following six collections of friendly alpine plants are designed for a complete small rockery. In this group you are assured of successive bloom from early May until Fall. A loose porous soil; full sun or a bit of noonday shade, will help the plants to flourish from the day they are planted. Hardy and vigorous they should be a profuse joy of exquisite bloom and charming foliage.

Collection No. 1.

FOUR WALL PLANTS—3 of
each variety \$2.50
